Bullish News Falls to Give Wheat a Lift-

Corn Wenker-A Sharp Decline

in Oats-Perk Active

and Easier.

CHICAGO-Trading in wheat was again very fair to-day, and, while the feeling was inclined to be weaker, no important

change developed in prices. Fluctuations were confined within %c range. The opening

was about the same to 1/20 lower than Satur-day's closing, and declined 5/20 from outside

The Pittsburg Library Association, now known as the Young Men's Mercantile Library, was the first organization of the kind in Pitts-burg. It was organized in 1847 by three publicspirited citizens—Colonel Samuel M. Wicker-sham, Captain David Holmes and Jacob Weaver, Jr., brother of ex-Mayor Henry A. Weaver. Of these Colonel Wickersham is the only one living. He was the first President. The first donations of books were from Rev. Francis Herron, pastor of the First Presbyterian Church; Rev. George Upfold, rector of Trinity Episcopal Church, and Rt. Rev. Sishop O'Connor, of the Cathedral, who were elected conorary members of the association. The oms were located on First avenue, near Market street. This was the beginning of the liprincely donation of Andrew Carnegie.

#### WORKING BY CONTRARIES.

A Bullish Pipe Line Report Helps Smash

the Oil Market. The monthly pipe line report, made public yesterday, was unusually bultish. As compared with the previous report certificates showed a decrease of 640,403, gross stocks of 550,850 and net stocks of 485,206. The report brary movement in this city, which has cul-minated in the splendid conception and market, showing that bullish conditions have market, showing that bullish conditions have lost their potency as a stimulant. Manipula-tion is now the controlling influence.

The market opened about steady at 107 and sold up to 107%. About 100 clock, as the result

Sons informed THE DISPATCH yesterday that they had purchased the steel plant of the Coof a general raid, but without much doing.

they had purchased the steel plant of the Columbus, O., Steel Company, convisting of open hearth furnaces, gas producers, hydraulic pumps and crane and billet mill. The works have been idle for some time. They were built in 1872 to roll rails, but were changed in 1867 to turn out steel. The firm will operate the plant as a sort of annex to their Allegheny works.

The National Safe Deposit and Vault Manufacturing Company, of Pittsburg, has just completed a handsome vault for the Bank of McKeesport. The contract price was \$10,000. It has been examined by a number of bankers and capitalists, who pronounce it invincible against the skill of the whole fraternity of burnacies and the steel of the whole fraternity of burnacies and the steel of the whole fraternity of burnacies and the steel of the whole fraternity of burnacies and the steel of the whole fraternity of burnacies and the steel of the whole fraternity of burnacies and the steel of the well.

75 barrels a day.

In the Washington field Alken & Co.'s D. Hagrerty No. 2 is completed in the fifth sand, and will be a 50-barrel producer. Mackey & Co.'s Ruple, which was dry in the Gantz and 50-foot sands found oil in the fourth sand and filled up 1,800 feet. A flow was made over the derrick, and from present indications the well will be a good one.

#### VENANGO OIL PIELDS.

Two Dry Holes Completed-Production of Closing quotations of Philadelphia stocks, furthe New Wells.

SPECIAL TELEGRAM TO THE DISPATCH . FRANKLIN, Pa., February 10 .- Two dry hole were completed in the new Sheffield distri yesterday. They shut off operations to the southwest. Clapp well No. 3, on lot 100, we southwest. Clapp well No. 3, en lot 108, was fluished yesterday, and is making about 900 barrels per day. Clapp well No. 1 has decreased its flow to 200 barrels per day.

The Deer Lock Oil Companies well on lot 169 was ready to be drilled in yesterday, and was believed to be the largest well in the field. Simpson & Co.'s well on the same lot which was brought in several days ago at a 100 barrels per day gait, has increased its plan wonderfully, throwing a solid stream et oil this morning equal to 100 barrels an hour. The field promises to be one of the most phenome. held promises to be one of the most phenomenal in the history of the oil country. Already farmers and property helders in the vicinity of the gusher are beginning to dream of untold fortunes in the greasy fluid. Leases are on the upward grade.

#### upward grade. Wells Due in the Butler Field.

BUTLER, PA., February 10.-Drilling is being prosecuted with considerable vigor in this field, but just at present there are very few wells in the sand. Long & Graham Company completed a well to-day on the Henry Wah! farm, on the Big creek, which filled up to the farm, on the Big creek, which filled up to the top with oil, and is estimated at 60 barrels per day. It will be torpedoed to morrow.

A good well was brought in to-day on the John Staples farm, in the Wyoma district. Gaffey & Co. have two important wells which will cach the sand this week, in the Gould district. One is located on the David Lefever farm and the other on the Wendall Hickey farm. They are in the vicenity of Guffey's No. 1, on the Burton farm, which is producing 200 barrels per day. Huselton & Co., got a duster on the Weish farm to-day. The Hartman well at Wyoma, which has been producing eight barrels per day, is being drilled deeper. Gale, Thompson & Co. are starting three rigs on the A. W. Shannon; Hartman & Co., one on the Matthew Shannon and "La Grippe" Company, one on the J. C.

Tenth ward, Allegheny, for a price apin the minimum rate of discount of the Bank of England before venturing again on active operations, the buying was not of a pronounced

character. The bears began the day with a combined at tack upon Rock Island and Sugar reflueries, and succeeded in bringing about declines of 114 per cent in each of those stocks, but while Sugar railled sharply, Bock Island was held down. The decline was checked toward noon by the report of the discovery of an error in the published bank statement of Saturday, and the shorts went into cover, which helped prices up considerably, until it was explained that the error was a typographical one, and did not af-fect the totals as given out.

Some help was given to the market by a rise

plenty of funds for all business purposes. Only two or three claim to be closely loaned up.

There was a moderate demand for discounts yesterday, and the prevailing rate was 6 per cent. Checking was below the average for Monday, but depositing was of good proportions. The exchanges were \$2,592,350.39 and the balances \$395,225 63.

Activity in grain speculation brought Baltimore in ahead of Pittsburg last week. It was a close race, however. If legitimate business only were counted, the big Southern city would rank below Pittsburg all the time.

Money on call at New York yesterday was casy, last loan 2. closed offered at 1 per cent.

Business Notes.

THE Keystone Bank will be removed to the new building on Fourth avenue about March L THE price paid for a three-fourths interest in the property on Smithfield street near the new postoffice, noticed in Sunday's issue, was \$52,500.

THE report of the Bankers' and Bank Clerks' Mutual Benefit Association, a copy of which has been received by THE DISPATCH, shows it to be in a prosperous condition. THE Telephone Company will this spring begin the erection of a fine stone office build-

ing on the lot recently purchased from the Lutheran Church congregation on Seventh ave-

in the big borough up the Monongahela is for the Bank of McKeesport. It will be five stories, with all modern improvements, and cost \$75,000.

### FANZ WRITES A LETTER.

The Victim of the Latest Southern Outrage Has Something to Say.

WASHINGTON, D. C., February 10.-Senator Spooner has received the following letter from Henry J. Fanz, the victim of the Aberdeen, Miss., outrage, which formed the subject of a recent debate in the Senate:

LEXINGTON, TENN., January 30. Senator Spooner, Washington: DEAR SIR-I notice in the daily papers, in your answer to Senator George's address, made before the United States Senate January 13, 1890, that you refer to the outrage that was perpetrated by the citizens of Aberdeen, Miss. Unfortunately for me, I was the victim of their brutal assault, and desire to say that you have them pictured up about right. I desire to say that I was promised protection by the Mayor of the city and one or two citizens, but I could not at that time see what good their protection would do me after I land been scourged and foully abused and brutally beaten by 60 other blood-thirsty viliains. At any that I am now surrounded by a law-shiding people, who regard the rights of man almost as sacred as those of our Creator. DEAR SIR-I notice in the daily papers, in your

Your humble servant, HENRY J. FANZ.

### SENSATION IN SOCIETY CIRCLES.

Miss Edna Busch of St. Louis to Marry Her Cousin, Hugo Reisinger. St. Louis, February 10,-Miss Edna Busch, the beautiful and accomplished 18-year-old daughter of Adolphus Busch, the iamous brewer, left Saturday night for New York, to meet and marry her cousin, Hugo Reisinger. The parents of the young lady objected to the match solely because of the close blood relationship of the couple, Reis-enger being a son of Mr. Busch's sister. The affair has created a great sensation in Ger-man society circles, and it is said the daugh-

The Widow Pays Out \$135,000 to Seventeen Charitable Institutions. CHICAGO, February 10 .- The widow and children of the late Conrad Seipp, the brewer, sent to each of 17 different charitable institutions in Chicago to-day a sum not less than \$5,000 nor exceeding \$15,000. The total was \$135,000 cash. No distinction of creed was made in the distribution, and no conditions attached to the gifts, except that they be used for the benefit of the various institutions. A brief letter stated that the money was given in memory of Mr. Seipp.

and Markets Weak. TOO MUCH LOW GRADE CORN AND HAY

OFFICE OF PITTSHURG DISPATCH, MONDAY, February 10, 1890. Country Produce-Jobbing Prices. The tone of egg and poultry markets is strong and the drift of markets in both lines is toward a higher level. Cheice cabbage is very firm. In fact, everything in produce lines that is strictly choice readily commands outside quotations. The difficulty is that choice stuff is unusually scarce. The effect of the open winter has been to very much lower the quality of offerings. A good quality of potatoes is not easy to obtain. Any offerings of good potatoes are readily taken at our quotations. The supply of Florida oranges has been in excess of demand for a few days past, and, as a result, markets show weakening tendencies. Mon-day is as a rule one of the quiet days of the week in general produce lines, and to-day is no exception to the rule. All commission men re-

of barley, I of wheat, 4 of oats. By Pittsburg, Cincinnati and St. Louis: Five cars of hay, 8 of corn, 2 of oats, 1 of mill feed. By Baltimore and Ohio: Two cars of corn, 2 of hay. By Pittsburg and Lake Erie: Two cars of flour, 1 of shorts, 1 of rye. By Pittsburg and Western: One car of oats. Receipts continue Western: One car of oats. Receipts continue too liberal for demand, especially hay. A leading retail dealer in grain and hay was heard to say this morning that scarcely any of the offerings in this line were up to standard in quality. The quality of hay, and, in fact, all cereals offered has been below par of late. This, with large receipts, has had a depressing influence on markets. Choice stuff readily commands the cutside quotations for the reason that this grade is scarce.

As a result, markets were strong at a shade higher prices than last Monday all along the line. The supply of cattle consisted of 383 head, nearly all of which were from Chicago. In the offerings there were no prime heavy beeves. Drovers claim that there is no money in this grade of cattle in our markets. Buchers here, it is claimed, are unwilling to pay more than Chicago prices on prime heavy catmore than Chicago prices on prime heavy cattle, and bence none of this grade have been offered of late. The best offered weighing from 1,500 to 1,500 lbs. sold at \$5 10@5 30; fair to good medium weights, 1,350 to 1,450 lbs., \$4 90@5 05; do. 1,290 to 1,300 lbs., \$4 45@4 75; prime light weights, 300 to 1,100 lbs., \$4 95@4 30; common to fair thin and rough, \$2 95@3 70.

About all the influences except the weather were on the buil side, but for some reason news received did not have much effect upon values. Foreign advices were of a favorable tenor. A telegram from Kentucky was received reporting wheat as far advanced as in April. In corn a good business was transacted, the volume of trading being large and the feeling developed weaker, the distant futures selling the lowest so far on the crop. The chief weakening influences were large movement, large increase in the visible supply and cut in rates from Kansas points of 10 per cent. The market opened a shade under the closing prices of Saturday, was weak and gradually declined the Saturday.

Oats were fairly active, but weaker and lower, especially on February and July, which were offered with more than bautifus and ware offered could have been sold.
